

People's Climate March, April 29, 2017

March Description

The People's Climate March will begin at 2:00 p.m. Marchers will assemble in front of Irvine United Congregational Church, 4915 Alton Pkwy, Irvine. The march route is out-and-back, 0.9 miles in each direction. If you are unable to complete the entire route, you may turn around early and return to the church grounds.

The route follows the sidewalk (marchers must stay on sidewalk) on the north side of Alton and will cross four intersections, two of which have traffic lights. Marchers must cross with – not against – all traffic lights. Volunteers will accompany marchers to keep order and provide guidance as necessary. Please follow the volunteers' instructions, to ensure everyone's safety, as well as compliance with the law.

At the intersection of Alton Pkwy and Culver Drive, the march will pause for 10-15 minutes, as time permits. Irvine Police strongly urge that people gather only on the northeast corner (Alton Athletic Park) and on the southwest corner, diagonally opposite, to display signs. Those who choose to go to the southwest corner will need to cross both Culver and Alton. Use extreme caution; traffic is heavy on both of these streets.

The return route to the church will be on the same side of Alton Pkwy (north side).

The march will end around 3:50 p.m. back at the church, where there will be a brief wrap-up speech.

What to Bring and Wear

- Comfortable shoes for walking
- Layered clothing (highs are expected to be in the low 80s)
- Hat
- Sunscreen
- Water in reusable container
- Rally signs (see separate guidelines for themes and messaging)
